MEMORANDUM FOR ALL PROSPECTIVE OFFERORS

FROM: HQ AMC/DOYAS

402 Scott Drive Unit 3A1 Scott AFB IL 62225-5302

SUBJECT: Solicitation F11626-01-R-0011 for Air Transportation Services

- 1. Solicitation F11626-01-R-0011 is for 40,000-pound ACL all-cargo air transportation services in Alaska. Your attention is directed to the following areas of the solicitation:
- a. The performance period is 1 October 2001 or date of award if subsequent thereto, through 30 September 2002 and one-12-month option period.
- b. Offerors are cautioned to carefully read and complete all representations and certifications in Section K and read all instructions to offerors in Section L.
 - c. Section M explains the evaluation factors for contract award.
- 2. You are required to send a cover letter with your proposal and include the following information:
 - a. The Solicitation Number.
- b. The name, address, and telephone number and facsimile numbers of the offeror (and electronic address if available).
- c. A statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and agreement to furnish any or all items upon which prices are offered at the price set opposite each item.
- d. Names, titles, and telephone and facsimile numbers (and electronic addresses if available) of persons authorized to negotiate on the offeror's behalf with the Government in connection with this solicitation.
- e. Name, title, and signature of person authorized to sign the proposal. Proposals signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the issuing office.
- 3. Environmental Compliance. Offerors are reminded of the environmental requirements contained in the solicitation to comply with all applicable federal, state, and local environmental statutes and regulations. In addition to the scrutiny of civil environmental regulatory and enforcement agencies, environmental compliance incidental to Air Force activities or on Air Force property is subject to Air Force scrutiny. The Air Force routinely investigates environmental violations and cooperates fully with civil authorities to secure remedies and discourage future violations. Failure to comply with environmental statutes and regulations can subject the contractor to criminal and civil penalties and/or contractual sanctions including, but not limited to, termination, suspension, and debarment, and adverse past performance assessment.

4. If you have any questions, please contact the undersigned at (618) 229-2485, or e-mail address: Dick.Santanello@scott.af.mil.

	2. PRICING				
	In the event that the CRAF has been activated as described in SECTION C, Paragraph 4.7 and CLIN 0002 or CLIN 0005, and the Government thereafter increases the airlift to be performed under this contract, the Contractor shall be paid for all airlift thereafter performed under CLIN 0002 or CLIN 0005 of this contract at the prices listed under CLINS 0001 and 0003 or CLINS 0004 and 0006. If the Contractor, however, presents evidence that an adjustment to the rate of compensation is appropriate due to additional costs resulting from CRAF activation, the Contractor shall be paid for airlift performed under CLIN 0002 or CLIN 0005 at prices established by negotiation between the Contractor and Contracting Officer pursuant to the procedures in the clause entitled "Changes." In connection with evidence so presented by the Contractor, consideration shall be given but not limited to, reasonable starting and winding up costs, including the following items if related to the performance of this contract: (i) additional insurance cost incurred to maintain continued coverage at prior established peacetime insurance coverage levels; (ii) additional per diem expenses incurred to relocate personnel required to assist in the flow of CRAF activated aircraft; and (iii) additional security expenses for the safety of aircraft and crew.		a de de la compresión d		
	3. LIST OF AIRCRAFT				
	The Contractor agrees that the following aircraft identified by tail numbers will be either owned or controlled by the company in such a manner as to assure complete control over the aircraft for the performance of this contract. Contractor-owned or controlled aircraft may be added or deleted during the period of this contract only with the approval of the Contracting Officer and after the aircraft have been technically approved by the DOD Air Carrier Survey Team.
